

AUTO I
ELECTRICAL TERMS

Select the best answer and place it on your answer sheet.

Matching

- | | | | |
|--------|------------|----------|---|
| 1 ___ | Parallel | <u>A</u> | Never connect this instrument to a battery. |
| 2 ___ | Series | <u>B</u> | Mathematical formula that expresses the relationship between volts, ohms, and amps. |
| 3 ___ | Voltage | <u>C</u> | Used to measure electrical pressure. |
| 4 ___ | Voltmeter | <u>D</u> | Unit of power. |
| 5 ___ | Resistance | <u>E</u> | If you break one part, the rest goes out. |
| 6 ___ | Ohmmeter | <u>F</u> | Billions and billions of these equal an amp. |
| 7 ___ | Amps | <u>G</u> | Something that does not allow electricity to flow. |
| 8 ___ | Ammeter | <u>H</u> | Something that allows electricity to flow easily. |
| 9 ___ | Electron | <u>J</u> | If one part goes out, the rest stays on. |
| 10 ___ | Watt | <u>K</u> | Used to measure the flow of electrons. |
| 11 ___ | Ohms Law | <u>L</u> | Opposes current flow. |
| 12 ___ | Ground | <u>M</u> | Unit of flow. |
| 13 ___ | Conductor | <u>N</u> | Electrical pressure. |
| 14 ___ | Insulator | <u>O</u> | The negative battery cable is connected here. |
