

Auto Tech 311

Name _____

Date _____

Specifications Worksheet

Vehicle _____ yr _____ model _____
eng. size _____ trans _____

horsepower _____ torque _____

compression ratio _____ oil pressure _____

cyl. bore _____ stroke _____

valve lash (clearance) intake - _____ exhaust - _____

valve stem to guide clearance _____

piston clearance _____ main bearing oil clearance _____

rod bearing oil clearance _____ coolant capacity _____

oil capacity _____ trans. fluid capacity _____

trans. fluid type _____

Torque specifications:

head bolts _____

main bearing bolts or nuts _____

rod bearing bolts or nuts _____

flywheel or flexplate to crankshaft bolts _____

intake manifold bolts _____

exhaust manifold bolts _____

water pump bolts _____

valve cover bolts or screws _____
